

The deal you currently *decline or park.*

Propential is a second-mortgage facility from \$5,000 to \$175,000, secured against residential property and assessed on its own criteria. It funds the work that creates the valuation uplift, so the refinance you want to write becomes writeable.

\$5,000 – \$50,000

Up to 7 years

\$50,001 – \$175,000

Up to 10 years

95% / 90%

Max combined LVR, OO / investor

No exit fees

Refinance out whenever it suits

SEND CLIENTS TO THE WEBSITE

Clients check their eligibility online. Two minutes, no credit check.

propential.com.au

Clients to look for

- Equity-rich, servicing-tight owners who want to renovate before selling or refinancing
- Clients on a rate or fixed term they do not want to break
- Top-up declined, or the existing lender is too slow
- Construction loan shortfall: landscaping, driveways, fencing, finishing trades
- Granny flat, studio or subdivision costs ahead of a revaluation
- Investors preparing a property for market or for a higher rental assessment

Talking to the client

- "We are not touching your current loan."
- "This funds the work; we refinance on the finished value."
- "There is no penalty for paying it out early."

Applicant support

- An on-demand BDM and Customer Success team support your applicants.

INTERNAL: BROKER & TEAM REFERENCE

Not for client distribution

The process

- 01 Scope.** Confirm the works, the cost and the expected end value with the client.
- 02 Refer.** Refer clients to the Propential website. The client applies online.
- 03 Assess.** Propential assesses on its own criteria and settles secured by caveat (2nd mortgage in QLD and NT).
- 04 Works complete.** Client draws down, project finishes.
- 05 Revalue and refinance.** You write the refinance at the new valuation; Propential is repaid at settlement.

Why it protects your book

- The first mortgage is untouched:** no break costs, no trail disturbance, no re-pricing conversation.
- The refinance stays yours.** The client comes back to you at the uplift.
- No exit fee** means the exit can be timed around your refinance, not around a penalty.
